

Kampala Community International School

Dear Parents,

Welcome to Kampala Community International School (KCIS) and thank you for showing interest in enrolling your child at the school.

KCIS is a unique school, serving a community in which families are looking for hands on, interactive learning at an affordable cost. We use the British Curriculum (The English National Curriculum) which is both an inspiring and engaging curriculum, and allows us to incorporate active, student-focused learning whilst fostering independence, curiosity, and self-confidence.

Our motto, *Inspiring Every Child to Love Learning*, forms the backbone of learning at our school, yet without a compromise on academic standards.

We have a wonderful multi-cultural community with students and teachers from more than 30 different countries around the world.

In addition to the timetabled learning, there are many special events, extracurricular clubs, sports fixtures, and activities to encourage our students to explore interests and develop talents.

If you would like enroll your child at KCIS, please contact the school office on 0776666885 or email hello@kciskampala.com to book a school tour. You and your child will be invited into school to meet with the Director of Education with your child's two most recent report cards. Your child may be asked to complete an assessment. Once the school has offered your child a place, you will be asked to pay the enrollment fee to secure their place. Parents then submit the final documents online and pay the appropriate school fees. School fees are to be paid before a child commences at KCIS

If you have any questions, please call the school office on 0776666885 or pass by the school during office hours.

Kind regards

Deborah Isharaza & Rebecca Bandora
Directors

Kampala Community International School

Dear Parents

Welcome to Kampala Community International School! We are excited to have you and your family join our community. We strive to provide a high-quality, interactive and nurturing learning environment that empowers every child to reach its full potential.

We provide a holistic programme of exceptional education through an inspiring and engaging curriculum. Our programme incorporates active, student-focused learning whilst fostering independence, curiosity, and self-confidence—all within a safe, supportive and welcoming setting. In addition to the formal learning taking place at school, there are many special events, extracurricular clubs, sports events and activities to encourage our students to explore interests and develop talents.

Parents are invited to be active participants at KCIS. Parent participation in their child's school coincides with a greater likelihood of academic success for their child. Whether it be by facilitating your child's learning at home, assisting or attending an activity at school, coming to one of our Friday Coffee & Chats with the Head of School or taking advantage of our *open-door* policy, your contributions towards your child's learning are greatly appreciated.

At KCIS, we highly value communication between home & school. School newsletters are emailed weekly to parents. In addition, please refer to the school's website and the KCIS parents only Facebook page for up-to-date information about KCIS.

I would once again like to welcome you to KCIS and look forward to working with your family as we inspire your child to love learning.

With kindest regards,

Liz Mottram
Head of School
